SPARE PARTS for commercial vehicles

"ticari araçlar için yedek parçalar"

HAKKIMIZDA

Otomotiv yedek parça imalat ve pazarlama hizmeti veren firmamız 1981 yılında kurularak yine aynı tarihte şirketleşmiş Esnet Otomotiv olarak faaliyetlerine başlamıştır.

Kuruluşundan sonra bir taraftan otomotiv yedek parça imalatını yaparken, diğer taraftan teknik gelişmeleri yakından takip ederek otomotiv yedek parça imalatında Konteyner Kilidi ve Treyler Ekipmanları üretimini artırmıştır.

Tamamını yerli olarak imal ettiğimiz , dünya standartlarında Konteyner Kilidi ve Treyler Ekipmanlarının yurt içi ve yurt dışında tanıtılmasına ve dağıtımında katkıda bulunmaktadır. Kaliteyi daha çok önem veren , gelişmeleri yakından takip eden bütün kuruluşların firmamız sistemini öğrendiği kanısındayız.

Ar-Ge çalışmalarımız bu yönde devam etmektedir.

ABOUT US

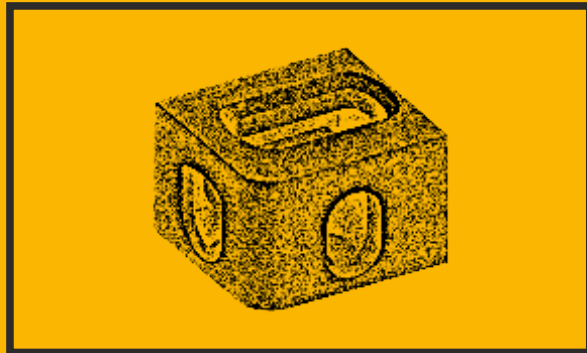

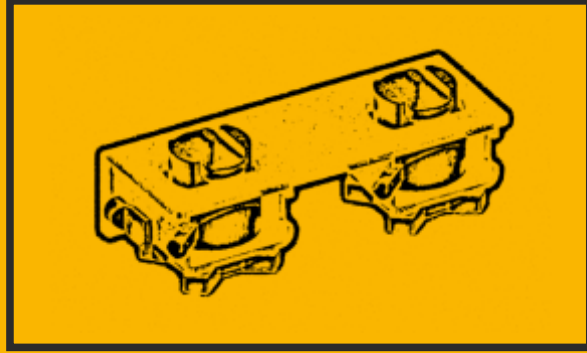

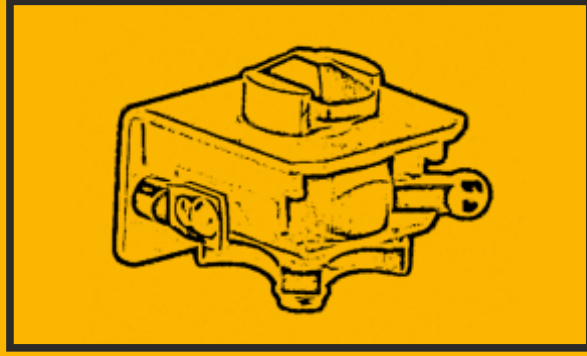

Esnet Otomotiv , established for production of miscellaneous spare parts in 1981, has changed its title as Esnet Otomotiv with name change in the same year of its establishment.

It has continued the production of spare parts for automotive, Container Lock and Trailer Equipments as branded with its past production and maintenance experience.

Esnet offer product to its customers in Turkey and miscellaneous regions of the World with its production quality, deadline performance and abilities to meet customer demands.

Our company realizes the production of its own produced Container Lock and Trailer Parts with its specialist personnel and provides Service, Maintenance service in its own facilities. Our research and development department continues to get the best product we can product.

“beklentilerinizin
üstünde.”
